USE PUMP PRICING FOR REAL-TIME RECEIPT PRINTING FOR CUSTOMERS FUELING AT YOUR SITE

### SEND PRICES TO YOUR PUMP

#### STEP 1: CHOOSE YOUR PRODUCT, PRICE, AND EFFECTIVE DATE TO SEND TO THE PUMP

##### PRICE ENTRY TOOL

Choose your product, price, and effective date. Then select the pump you want the price to update and EKOS will send the price down to the pumps after you click "Save & Send Prices".

Select Product	Price	Update Price Now	Effective Date/Time	
15.00 #2 (Regular Diesel #2)	3.00	<input checked="" type="checkbox"/>	12/22/2021, 8:18:36 AM	<input type="button" value="CONTINUE"/>

#### STEP 2: CHOOSE THE SITES THAT YOU WANT EKOS TO SEND THIS PRICE

##### SITE SELECTOR TOOL

Below is a list of your sites that have the product selected in Step 1. You can select one or many sites to get the real-time pricing (depending on the site owner). EKOS will send the price to that site after you click SEND. NOTE: All price updates are subject to the site's interval that you setup with your communication method. For example, if you are using cellular and you setup a site to sync from 0000 to the network once every hour, then the price will be sent the next time that the site syncs.

Select	Site	Site Address	Station ID	Current Price
<input checked="" type="checkbox"/>	Exco Lab	1410 Commonwealth Dr., 270118 Wilmington, NC	1410	3

To view this feature, go to the home screen and click on Fuel Sites > Pricing > Set prices at pump
